New improvements to the Pharmacy Plus software as you requested.

* You can now enter an expiration for a compound in days starting from the date you mix.

* Now when you print tax reports from within the Inquire/Print/Transfer screen the date range will be preserved.

You begin by specifying the number of days the compound/IV will expire after mixing, in the Drug Inventory information screen. Later when you fill a prescription, it will calculate the expiration by adding the exp. days to the fill date.

NOTE: YOU MUST ENABLE OPTION 4-K IN PAGE 4 OF THE CONFIGURATION SCREEN.
